## Marlin Corporation Background Text

Text from brochure:

With over 40 years in the Motorcycle and Motor-Sports Industry, I have designed, manufactured and marketed hundreds of innovative and unique products. My commitment to you is to provide a product that is first rate with service to match. Our explosive growth is attributed to the highest quality products, speedy delivery and trust that I will stand behind my products 100%. Word of mouth advertising has been my greatest sales tool and you don't gain a kick ass reputation like ours by being second best. Let me show you how great these products will look and work on your bikes, hot rods and boats.

Marlin's love for motorcycles and motorized vehicles started as a very young man.

His years of experience driving, building and racing motorcycles and other vehicles and owning / operating manufacturing companies utilizing diverse manufacturing processes has given him the ability to create wonderful products that are sturdy, useful and look great.

A veteran of the US Army, husband and father, Marlin has spent his life dedicated to building; Country, Family and Business. With his son and grandson helping bring the company into the future Marlin's is continuing to manufacture traditional machined aluminum parts and creating futuristic smartphone Apps for Apple and Android devices.

Marlin has a rich past in the Motor-Sports Industry and is dedicated to brighter future.
